Subject: Re: NERT Technical and Legal Committee Meeting
Attachments: NDEP-LVW-SOW1.PDF; ATT00001.htm

Good morning.

Following up on our call, I have attached a scope of work for the evaluation of water treatment options at the Las Vegas Wash. As indicated, Tetra Tech is in the process of assembling a proposal to complete this effort. At this time, no funds have been allocated or approved for any external effort related to this initiative.

Thank you,

Andrew W. Steinberg
